CONFERENCE REGISTRATION FORM
The AustralAsian Academy of Anti-Ageing Medicine

2nd Annual Anti-Ageing & Aesthetic Medicine Conference
“Anti-Ageing Interventions – Now & for the Future”

The AustralAsian Academy of Anti-Ageing Medicine welcomes you to the 2nd Australian Conference on Anti-Ageing & Aesthetic Medicine. After a very successful inaugural conference in October last year, we are very happy to announce an exciting program of presentations and workshops by highly respected international and local experts of anti-ageing medicine. You will have access to the latest scientific research on a wide range of anti-ageing topics, techniques, protocols and products all of which will give you the necessary tools and knowledge to practice as an anti-ageing practitioner.

The key focus of the 2008 conference is Anti-Ageing Interventions: Now and for the Future. As the ageing population becomes more interested in slowing the ageing process, the demand for anti-ageing / preventative medicine increases. This year we are again recognising and combining both internal and external aspects of anti-ageing medicine with workshops addressing exciting new developments, approaches and techniques to both aspects.

2008 Conference Program

Internal Anti-Ageing Interventions
- Medical-legal aspects of Practicing Anti-Ageing Medicine
- Interventional Endocrinology
- Genetics and Anti-Ageing
- Genomics Testing and Laboratory Testing
- Obesity and Weight Management
- Neurotransmitters
- Sports Medicine and Nutrition
- Stem Cell Theories and Treatments

External Anti-Ageing Interventions
- Medical-legal aspects of Practicing Anti-Ageing Medicine
- Genetics of Skin Care
- Latest Skin Technology
- Nutricuticals and the Skin
- New Injectable Techniques
- Skin Resurfacing Techniques
- Non-Invasive Rejuvenation of the Face and Body
- How to Start an Anti-Ageing Practice

Post-conference Programs

The Fellowship in Anti-Ageing, Regenerative & Functional Medicine
Module 3 – Anti-Ageing Medicine: Gastroenterology, Neurology & Fatty Acid Metabolism
Monday 8th – Wednesday 10th September 2008
Swissôtel SYDNEY

Pre-conference Programs

Dr Mark L Gordon – Clinical Applications of Interventional Endocrinology
Full day seminar presenting a hands-on approach to the evaluation of patients for treatment in the following areas: Andropause, Menopause, Somatopause, Traumatic Head Trauma, Frailty Syndrome. Program includes diagnostic and treatment protocols, patient materials and legal considerations to the practice.
Friday 5th September 2008, Swissôtel SYDNEY, 8.30am – 6.00pm
Registration fee includes your personal copy of Dr Gordon’s book which is the basis of the course.

Bryan Durocher – Medical Spa: Combining the Traditional Spa with the Medical Clinic
Bryan Durocher, author, expert for Health Journal TV, Life and Leisure TV, and contributor to NBC South Florida, presents a full day seminar designed to teach how to set up a medical spa from concept design to hiring of staff. Learn the marketing strategies that have transformed medical-spas, spas and clinics around the world.
Friday 5th September 2008, Swissôtel SYDNEY, 8.30am – 6.00pm
